## LATEX GLOVE SAFETOUCH CONNECT VITALS POWDER-FREE

Class I Medical Device and Personal Protective Equipment Category III

### FEATURES & BENEFITS

- Great elasticity.
- Good dexterity.
- Watertight and airtight.
- Contraindication: Latex is a natural material that contains protein which might cause allergies.

### Intended Use:

- Glove for professional use.
- In the healthcare environment, this glove is used to make barrier against microorganisms between the professional and the patient and their environment.
- In an industrial environment, this glove is intended to protect the wearer from tested chemicals and microorganisms (bacteria, moulds and viruses).
- The powder-free glove reduces the risk of airborne contamination and limits the risk of irritation.
- For food handling / preparation (HACCP).
