Shape :	Anatomical
Edge :	Elasticated
Texture :	Smooth
Thickness :	Glove: 0.25mm (±0,05mm) Cuff: 0,15 mm
Min Dimension :	Cuff: 400 mm Total Length: 700 mm
Size :	S / M / L / XL

Marking on packaging:

CLEANING AND MAINTENANCE INSTRUCTIONS:

Gloves, both new and previously used, should be checked very carefully, particularly after cleaning and before donning, to ensure that they are not damaged. Gloves should not be left in conditions that could contaminate them if they are to be used again, in which case the gloves should be cleaned as much as possible while it is safe to do so, before they are removed. Rinse gloves thoroughly under running water.
